

Introduction Central Station

Mobile Station - for small layouts only

60212 Central Station

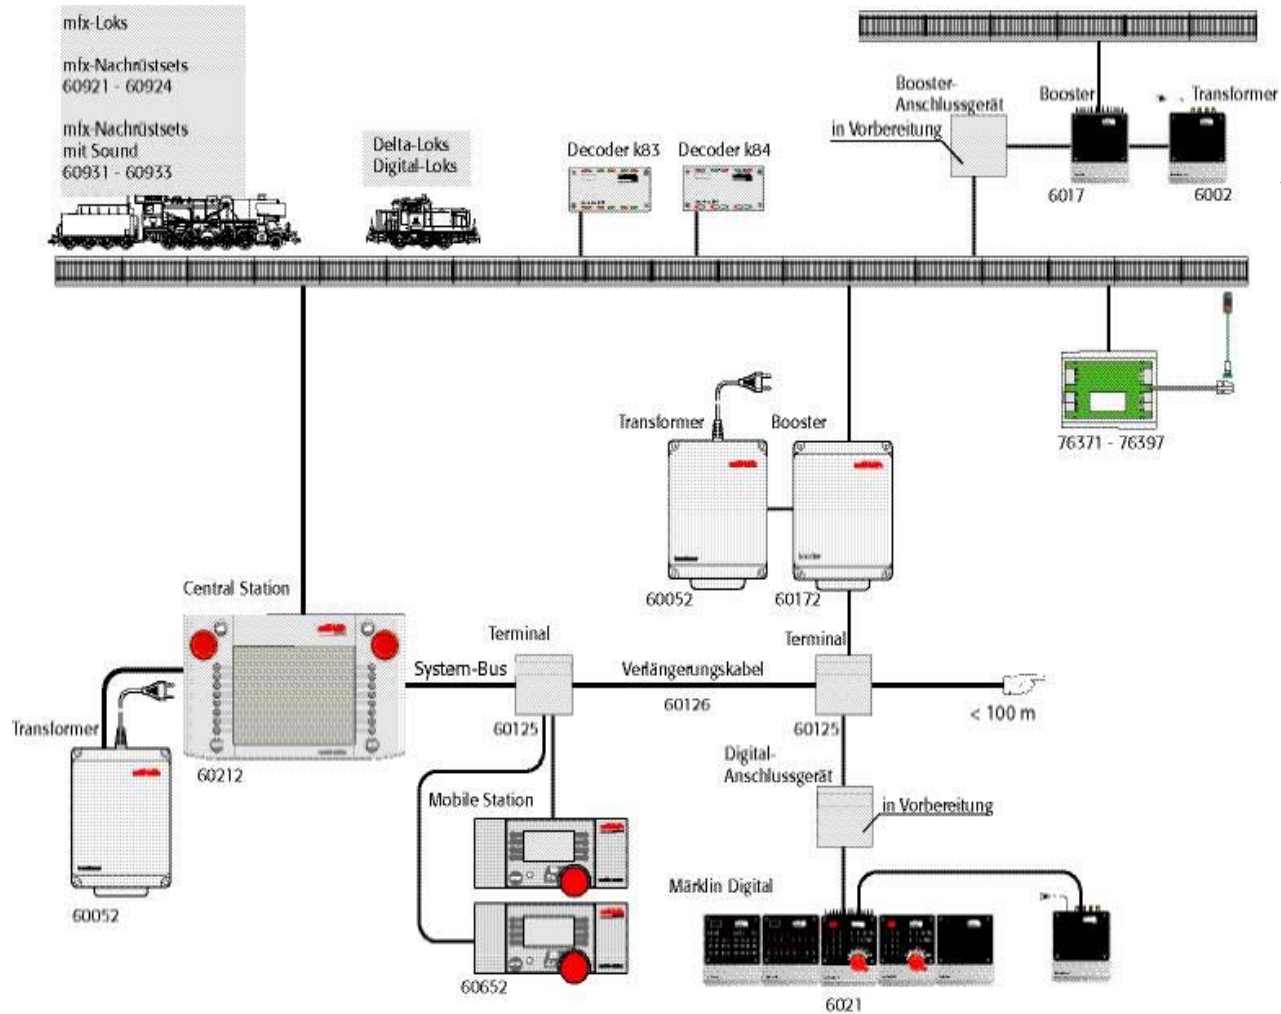

- Profession quality controller with a large touch screen and operating possibilities virtually unlimited
- Intelligent screen, which responds to different operating situations
- 2 locomotive controllers
- Innovative operating with concise names for locomotives
- Integrated Märklin digital locomotive database
- up to 16 controllable functions
- simple wiring (plug & play)
- 18 integrated keyboards
- integrated booster
- ethernet interface

Sockets Central Station

- Trafo
- Programming track
- Layout
- Booster
- Mobile Station
- Terminal
- Ethernet RJ45-socket

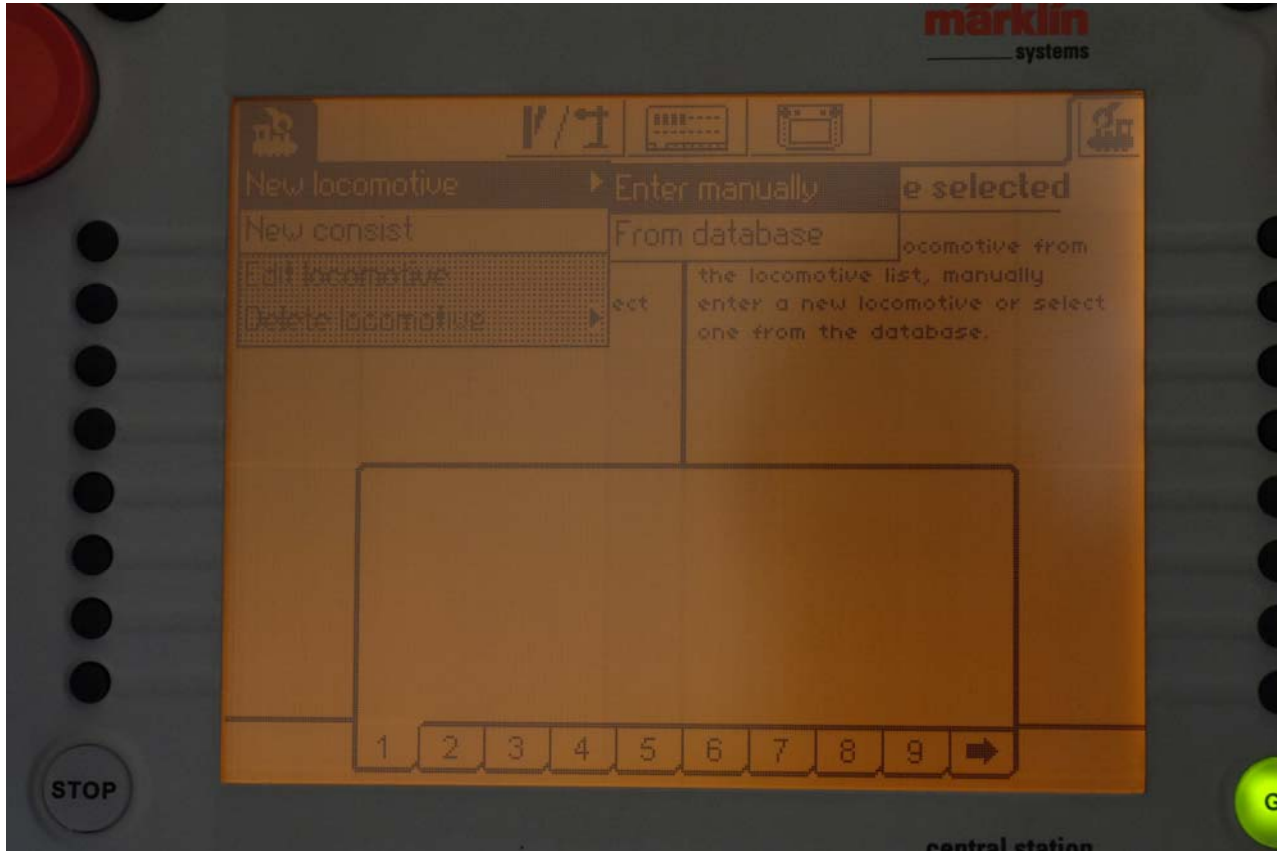

Märklin Systems - Systemarchitecture

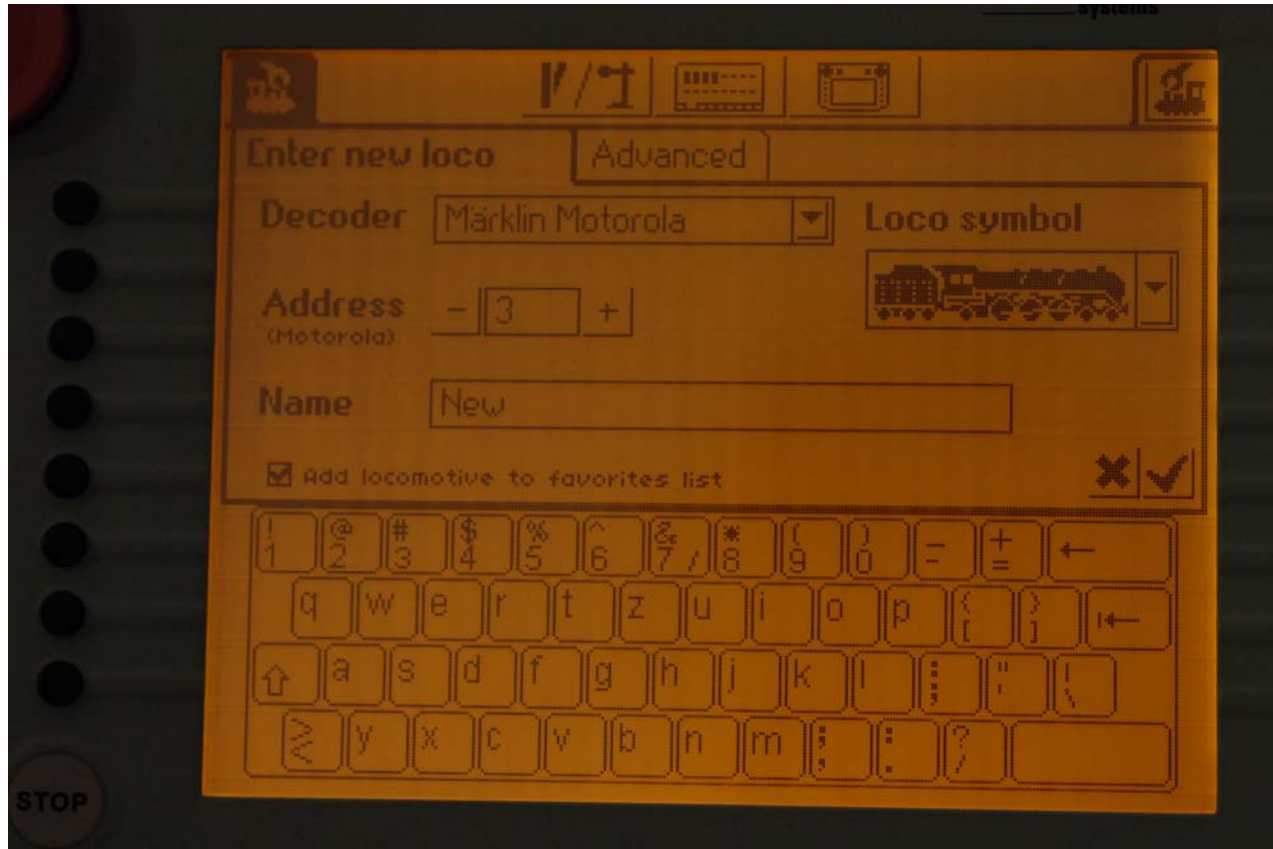

Screen after booting
